Interesting Fact!
The Adirondack Park was created in 1892 by the state of New York. Containing six-million acres, the Park is the largest park in the contiguous United States. It covers one-fifth of New York State, is equal in size to neighboring Vermont, and is nearly three times the size of Yellowstone National Park!

Looking for Interns!
The International Center of the Capital Region is a small nonprofit located at Russell Sage College in Troy. Our organization serves as citizen diplomats by hosting international visitors and delegations from around the world through the Department of State’s many exchange programs. We are looking for college students interested in interning for a semester, who are globally minded and eager to expand their knowledge on the Capital Region, and the rest of the world. Interested?
